PROACTIVITY

PERSONAL PROJECTS

REVIEW CLASSIFIER (02/2020 – Present)

- Neural network able to analyze the text of hotel reviews and classify sentiment.

ARTICLEEE (08/2019 – 11/2019)

- Open-source platform that offers users the possibility to write and share their articles with the community.

INVESTMENT STRATEGY (02/2019 – 03/2020)

- The strategy is based on capital diversification through investment in 7 different passively managed funds.

WORK EXPERIENCES

PRIVATE SELLER ON EBAY (09/2018 – 12/2018)

The activity included the analysis of the market and competition for the choice of products to sell through our page on Ebay. Once identified the product, we proceeded to the choice of suppliers based on parameters such as shipping speed and quality of the product supplied. The last phase involved the creation of the graphics to be included in the product description and to be advertised on the main social networks.

PROMOTER (04/2018 – 05/2018)

The activity as promoter at Sintesi Promotions S.r.l involved setting up a stand and presenting the products of the well-known brand "LEFFE" to customers.
